2 Semesters computer animation
Storyboarding and Scriptwriting
Digital image manipulation and compositing

**OTHER
INTERESTS**

MUSIC

I have always been a keen musician, and enjoy writing songs on the guitar as well as producing my own hip-hop and break-beat tracks on the PC. I am also a resident MC (rapper/vocalist) and DJ for a local "drum and bass" club night.

AIKIDO

Since moving to Singapore 2 years ago, I have been attending Aikido classes regularly. Aikido is a Japanese martial art that focuses on maintaining your centre of balance and using it to off-balance your opponent. As well as being a great deal of fun, I also find this helps me to understand the fundamentals of balance and human motion better.

TRAVEL

I am a very keen traveller, and enjoy meeting people from different parts of the world and learning to understand them and their cultures better. This is part of the reason I decided to spend two years lecturing in Singapore. In fact, I am probably in the middle of my 1 year round the world trip right at this moment... (2003)

ACTING

I really enjoy acting, and have taken many varied roles in a number of plays right through my school and college life.

References and demo reel available on request. Examples of my work can also be viewed at www.BillySalisbury.com
